ACTION TAKEN REPORT ON CURRICULUM FEEDBACK

A.Y: 2021-22

All departments of Vikas College of Engineering & Technology obtains feedback on curriculum from Students, Teachers, Alumni & Employers. The feedback was deeply analyzed by academic committee from the responses and suggestions, the following suggestions and resolutions were developed for improvement of curriculum.

The actions taken are:

1. All the departments are motivating, encouraging and implementing students in doing internship from core industries & emerging technologies from 2021-22.
2. Students are encouraging to go for industrial visits most often.
3. The faculty is covering important concepts in depth beyond syllabus for preparing students to participate in inter college technical quiz competitions & getting prizes.
4. Digital library is provided to students to access more number of journals & e-books.
