VENUE: PV Siddhartha Arts And Science College, Vijayawada

We are attended to the inauguration of SAFE College Teams by our beloved Collector Sri S. Dilli Rao, IAS and CID SP Ms. Saritha KVG. The program starts at 2.30pm on Friday, 21st of this month at PB Siddhartha Auditorium Mogulrajpuram. President, SAFE. The day began in the 19th century when women of the United States fought for their rights to get political representation. At that time, women were paid much less in comparison to the work they delivered. The 19th amendment was first introduced in the year 1878. Observing women's role during World War 1, the rights of women acquired massive support.

The Amendment needed 36 votes in favour to get approval and come into action. Harry T Burn, the young state representative, cast his vote in favour of his mother who was an active player in the revolutionary amendment.

The day belongs to the history of women's suffrage in the US. This is an important reason behind observing the day in appreciating and celebrating the heroic role of women by addressing the discrimination and social violence against them. Women's Equality Day makes us realise the hurdles faced by women in the past and understand the role played by them in changing the world.

The theme of this day is 'Hard Won... Not Done', which signifies that the gender equality struggle is not yet over.
