

**VIKAS COLLEGE OF ENGINEERING AND TECHNOLOGY**  
NUNNA, Vijayawada Rural, Krishna District, Andhra Pradesh – 521212.

**7.1.1: Measures initiated by the Institution for the promotion of gender equity during the last five year**

Institution shows gender sensitivity in providing facilities such as:

1. Safety and Security
2. Counseling
3. Common Room

Institute conducts various seminars and events/activities which are committed to gender equity. Main focus of these events is gender sensitization and gender equality through health communication program. Including gender concerns in health communication programs can make health messages more effective and stimulate awareness of the need for equity in gender roles. The Institution has established Internal Complaint Committee (ICC) and National Service Scheme (NSS) Cell to identify address and conduct various programs on such issues.

“Vikas College Of Engineering And Technology” has concern in the aspect of “Safety & Security.” Apart from ID’s & Dress Code being a compulsion to the students. The campus and hostel is monitored under strict security staff and CCTV serve 24X7. Repairs and maintenance is carried out by administrative staff - Mr.V. Ranganath. Especially for the girl students & female faculty constant care is taken into consideration in providing all the amenities. In the girls hostel solar fencing was provided for safety, from wild animals and human, when animals and human touch the lines they feel like shock and sound the alarm.

Counseling is the key concern of “Vikas College of Engineering And Technology” as we understand that this is the phase of the student’s life of making or breaking. Counseling is upheld on an individual and prioritized basis from student to student for the enhancement of “Ethical & Moral Values” to “Personality Development” to “Behavioral Etiquette.” Students are encouraged all the time to come up with whatever the issues or troubles being faced no matter how small or big. Of all the aspects of counseling; “Ragging” is the one thing that is curbed in the initial stages itself and awareness is created by arranging counseling sessions by local police officials, psychologists/psychiatrists for proper personality development and confidence among the students. The provisions of Anti Ragging Act are displayed through flexes in respective places in the college.

A common room is provided for Girls (Room No:101 & Area: 70 sq me ) in the campus. Constant supervision is made by the respective faculty members to make sure the students are utilizing the common room for the factual reasons.
