ACTIVITY: MEDICAL CAMP

Date: 02.01.2022

VENUE: NUNNA

Report:

At NUNNA premises, NSS, Indian red cross society. A Free medical Camp can be considered as a life-saving program that aims to provide free medical and surgical services to poor communities living in rural or urban areas by a mobile team with varieties of medical specialized services. Free medical camps are organized to provide health services and create an environment where the underprivileged community gets sensitized about health issues. Thousands of poor people in villages and urban areas attend the health camps. Now-a-days health is the important. But no individual is not caring about their health due to fast life style. Keeping this in mind our NSS unit organised a FREE MEDICAL CAMP for the people of our adopted village (NUNNA) to bring awareness among the people about their health condition.

ACTIVITY: VACCINATION DRIVE

Date: 17-09-2021

VENUE: CAMPUS, NUNNA.

Report:

India began administration of COVID-19 vaccines on 16 January 2021. India, 95% of the eligible population (15+) has received at least one shot, and 80% of the eligible population (15+) is fully vaccinated. India initially approved the Oxford–AstraZeneca vaccine (manufactured under license by Serum Institute of India under the trade name Covishield) and Covaxin (a vaccine developed locally by Bharat Biotech). They have since been joined by the Sputnik V manufactured under license by Dr. Reddy's Laboratories, with additional production from Serum Institute of India being started in September, Moderna vaccines, Johnson & Johnson vaccine and ZyCoV-D and other vaccine candidates undergoing local clinical trials.
