ACTION TAKEN REPORT ON CURRICULUM FEEDBACK

A.Y:2023-24

All departments of Vikas College of Engineering & Technology obtained feedback on curriculum from Students, Faculty Alumni and Employers. The feedback was deeply analysed by academic committee from the responses and suggestions, the following suggestions and resolutions were developed for the improvement of curriculum.

The actions taken are:

1. All the departments are motivating , encouraging and implementing students in doing Internship from core industries and emerging technologies
2. Students are taken for Industrial visits once in each Semester to impart practical Knowledge and know the work culture and environment
3. Digital equipment like projectors are made available in the class rooms to make it more easy for the faculty to teach the syllabus in time
4. Faculty are covering the important concepts in depth and are making students Industry ready after their course, which also makes them ready to participate in technical quiz , competitions held internally or externally.
5. More copies are made available with increased number of prescribed/ reference books in library to cater the needs of the students
6. Faculty is encouraged to go for Faculty Development programs to stay abreast of the latest advancements in their fields.
7. The College is in the process of signing MOUs and establishing strong tie with the Industry to understand their evolving needs and emerging technologies.
8. Professional development programmes aiming to improve the skills and prepare them to succeed in careers
9. Students are participating actively in Hackathons at National level organised by reputed institutions like IIT Bombay.
10. Certification programs organized by RedHat, AWS were taken up by students.
