We have a moral obligation to preserve nature in all its form since it is essential to our existence. It's not too difficult to imagine that humans would not live on our lovely world if trees didn't exist. We have also noticed a decrease in pollution and a shift in the purity of the environment. One of the unfavorable side effects of the ensuing industrialization and urbanization in global warming. This occasion in a step in the right direction toward creating a healthy environment, reestablishing human contact with the natural world, and encouraging environmental care.</p>
