6.2 - Strategy Development and Deployment

6.2.1-The institutional Strategic/ perspective plan is effectively deployed

Vikas College of Engineering is deeply committed to providing exemplary education, molding students to be proficient, ethically sound professionals ready for the challenges of the modern world. Our Quality Policy is meticulously crafted to steer all our initiatives towards excellence. Effective strategic planning requires identification and implementation of strategies that will facilitate our institute to achieve academic excellence at national level. In the preparation of the Perspective/Strategic Plans, Internal Quality Assurance Cell (IQAC) of the college has taken initiatives to obtain inputs from all the stakeholders.

Strategic Planning and Implementation any one activity:

Implementation of Google Classrooms for all the subjects across all the Departments.

Google Classrooms is effectively implemented for all the subjects across all the departments. ICT facilities combined with the Google classroom provide an interactive environment similar to the classroom teaching. Google classrooms enable the students refer to any lectures at a latter point of time as the lectures are recorded and posted in Google classroom by the concerned faculty member. Google classrooms can be viewed by the students whenever they needed. All study materials, assignments, lesson plan, previous year question papers and syllabus are posted and innovative teaching methodologies are carried out using the Google classrooms.
